

Dear Harold;

4/16/99

I would like to thank you and Mrs. Weisberg for letting myself and my friends visit you in the nursing home on Sunday March 28.

It was wonderful meeting you after reading your work for many years.

Find enclosed some documents that Malcolm Blunt (the English gentleman that was with me) found at the National Archives and thought might be of interest to you.

I hope you are feeling better and I hope to hear from you soon.

Your friend
